

**REMARKS**

Applicants respectfully request reconsideration of the present application in view of the foregoing amendments and in view of the reasons that follow.

**I. Amendment to the Specification**

In the specification, a new paragraph regarding seed deposit information has been inserted on page 1.

The amendment does not introduce new matter or change the scope of the claims. Accordingly, the entry of the amendment is requested.

**II. Claim Status**

No claim is requested to be canceled, amended, or added.

Claim 1 is now pending in this application.

**III. Office Action**

The only outstanding issue is the formal matter concerning seeds deposit. In this regard, the Examiner suggested that information relative to the Deposit requirement be set forth in the present specification. (Office Action page 2) Applicants have amended the specification by inserting the seed deposit information.

To ensure the compliance with the requirement, Applicants hereby state that:

Seeds of the plant *Phyllanthus amarus* that produce plants designated "CIM-Jeevan" have been deposited in the "National Gene Bank", funded by Government of India at CIMAP, with gene bank accession number "CIMAP 1421." They are readily traceable, retraceable and available to the public on demand. There will be no restriction to the availability of seeds to the public. The viability of the seeds is checked every year and redeposited in the gene bank, which will continue indefinitely.

Applicants respectfully submit that the above information meets the requirement set forth in 37 CFR 1.801-1.809. Therefore they request the reconsideration of the present application.

**CONCLUSION**

Applicants believe that the present application is now in condition for allowance. Favorable reconsideration of the application as amended is respectfully requested.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.
